

# Goals Worksheet

## How can the draft restoration goals be improved?

Tell us how you would change each of the goals.  
Make edits, provide additions, or suggest removing parts of a goal.

## How can the draft restoration goals be implemented?

Share examples, best-practices, ideas, and other ways of making these goals a reality in Mission Bay.

## What other goals should be considered as part of ReWild Mission Bay?

Share any other ideas, comments, or suggestions.

### GOAL 1

Restore, enhance and/or create estuarine habitats (intertidal mudflat, salt marsh, tidal channels, & marsh/upland ecotone) to provide ecosystem functions and services, such as water quality improvement, shoreline stabilization, carbon sequestration, resistance and resilience to climate change and associated effects, and fish & wildlife support.

### GOAL 2

Protect the existing and restored estuarine habitat and associated wildlife from detrimental anthropogenic impacts (direct and indirect) associated with surrounding development.

### GOAL 3

Provide new and/or improve opportunities for public access, education, research and recreation in ways that improve understanding and stewardship while protecting the existing and restored estuarine habitats and associated wildlife.

### WHAT OTHER GOALS SHOULD BE CONSIDERED AS PART OF REWILD MISSION BAY?

Please provide your name and e-mail address if you would like to receive project updates.
